

500 Buildings of Greece to Spain

THIS IS MOST IMPORTANT: Before uploading any of these pictures to fotolibra, search the file for another picture of the building to avoid double uploads. If there are more than 50 photographs of it (e.g. Eiffel Tower, Selfridges Birmingham, Sistine Chapel, Sagrada Família etc.) think long and hard before adding another to the pile, and only upload a picture if you are **sure and certain** it is better than the ones already there.

If there are no pictures of the building or have photographed on our site, your chances of making a sale are greatly improved.

For example, we have 282 pictures of the Eiffel Tower and none of the BedZED in Wallingford, Surrey. So although the moment of opportunity is 282 to 1 against getting a picture of the Eiffel Tower sold, and even for a picture of the BedZED, have a go! If a picture of the famous building is rare, rare, spectacular, please go ahead and upload it. And don't forget to sell me!

There are 500 buildings on the list from all over the world, dating from the dawn of time to 2007.

Among your keywords, please add the three digit picture number to BEB as the code keyword, so for example

001 / Pre-Historic / Cave Dwellings carved out of tufa stone, Goreme / Unknown / Turkey / Pre-Historic

should have BEB001 in the keywords and

250 / 1913 / Woolworth Building, New York, New York / Cass Gilbert / USA / Neo-Gothic

should have BEB250 in the keywords, with NO SPACES.
